

In Good or Fair Times Prepare for Hard Times.

So that all of your days may be pleasant and life not a burden.

This you can do by saving a little now and then. Saving is a matter of Habit. Get this habit now by depositing now a little every week with the Citizens National Bank. Leave it on time and you will be surprised to see how fast it grows, with the interest the bank pays you.

With a bank account you can pay your bills with checks, which keeps you from paying twice.

You don't have to carry any money with you, as checks will do, thus you take no chances of being knocked down and hurt or killed.

The Citizens National Bank is one of the safest, most secure and honestly conducted banks in the United States. With the happiest, most pleasant and accommodating men to wait on you.

Beyond all of this, the bank insures every dollar put into their bank against loss of any kind at their expense. How do you like that? Don't it just suit you?

You insure your houses and barns and your life, why not have your money secured and insured against loss of any kind and especially so when it don't cost you anything.

See them don't wait for any introduction. You step into the bank and they will take care of you to your entire satisfaction and comfort and will always welcome you.

not make a state campaign, in a presidential year, on that issue. Let this matter stand aside until our platform pledge for the Initiative and referendum is complied with, and we will get resubmission. We never will get it in any other way. This being the milk in the coconut of the Billard platform, it eliminates him.

We are not for Judge Jackson, for the reason that he is not progressive enough, and for the further and greater reason that George Hodges is by all that's fair and square, entitled to this nomination. His record as a citizen and as a member of the state senate is above reproach. On every progressive question he stood for the progressive side. He is entitled to the support of the Democrats for another nomination, because he submitted to a draft for the nomination in 1910, that he put in 18 weeks campaigning for the ticket, that he, the first candidate since Craddock in 1902, paid his own

expenses, and that he reduced the Stubbs majority in this state to about 15,000 in spite of the Democrats who voted for Stubbs. Hodges received enough Republican votes to win, if the Democrats had stood pat. You may search his record from end to end, and you will find it clean. For these reasons, and many others, we are for Hodges for governor, even though it means taking issue with some of our staunchest political and personal friends in this county. We believe it is fair and honorable to support him, under the circumstances, and we believe, furthermore, that no difference what the sentiment may be here, the sentiment of the state is against resubmission, overwhelmingly. Give us the Initiative and Referendum, and you will get a chance at the question that our friends, many of them, want, but not in any other way. We expect to be criticized by our warm friends for this stand, but we believe it is right, is just, is honorable, and is the politi-

cal thing to do. We are for George Hodges, let the criticism flow. It is the duty of every Democrat, as we see it, to go to the polls in August and vote to make Hodges the nominee of the Democratic party in Kansas. We stand, as our record shows, for personal liberty, but believe it can only be secured in the manner stated.

STATEMENT OF APPRECIATION

This is to certify that on March 15, 1910, I secured through the F. E. Miller Insurance Agency at St. John, Kansas, a policy of insurance to the amount of \$1800.00, \$1000.00 of which covered on twelve head of horses at not to exceed \$150.00 per head; and that on May 9, 1912, I owned sixteen head of horses, and on that day, at a public sale held on the farm of Mr. E. H. Landes, three miles west of Macksville, two of these sixteen head of horses were offered for sale, and were sold for \$350.00. Within five minutes after the horses had been sold lightning struck the barn in which the horses were tied, killing the two which had just been sold.

While the horses had been bid in at auction they had not been delivered and settlement was not completed at the time they were killed. This situation was fully explained to the company, and although it was a very fine point as to which man owned the horses, the one who bid them in or myself, the company waived the technicality, and on May the 20th 1912, Mr. F. E. Miller adjusted my loss, allowing me for the two head of horses the full amount of insurance, \$300.00—\$150.00 per head.

This statement is made to show my appreciation of the fairness of this company, and also to show my appreciation of the interest taken by the F. E. Miller Insurance Agency in assisting me in the matter. I am sure anyone placing their insurance with this agency will receive the same courteous treatment I have received, and will find that the agency is not only interested in securing the insurance but in seeing that its policy holders are protected both before and after the loss.
